

Concerns and Challenges Unique to our Seniors

In Sacramento, people hold the feeling of community in high regards. Neighbors look out for one another, and take care of each other. Congresswoman Matsui believes that it is in that spirit that we must, as a society, take care of the seniors in the Sacramento region. She believes that those who are in the later stages of life should have access to comprehensive and affordable health care and support. She firmly believes that Medicare, Medicaid, and Social Security benefits must be preserved. She is committed to helping her constituents navigate the oftentimes complex processes to make sure that they receive the maximum amount of assistance possible.
